

Speech & Language Therapist - ADOS Trained

- Fixed term contract in North East
- November start date
- £600 a day

Are you an ADOS Trained Speech & Language Therapist looking for a new full or part time role with flexible hours?

With demand for our services consistently high, we are now looking for experienced ADOS-2 practitioners to join our team on a fixed term contract ending March 2022.

We have full-time, part-time, and flexible working opportunities available.

We will provide you with clinically suitable patients, triaged by our experienced team. We take care of the appointment booking, patient questionnaires, and administration, leaving you free to focus on what you do best: patient care.

Clinical Partners is the UK's largest independent private mental health partnership. Our clinicians are experienced mental health professionals who work with us to deliver the highest standards of patient care.

The core requirement will be to deliver Adult ADOS-2 assessments, diagnosing, conferring and working with our ADI-R clinician, and report writing.

HCPC Registration Essential.

All appointments will be face to face from several locations across the North East.
